COLOR PROOFS

In order to ensure we match the color expectations of our advertisers, we require a contract proof created from SWOP Certified System. Any other type of proof may not accurately represent the SWOP process or desired color match. All proofs for color and/or content verification must be generated from the final file and must be 100% in size. For a list of all SWOP certified digital proofing systems go to <http://www.swop.org/certification.html#cert>
